

Club & Sports Class Nationals

Bulletin #2

Hello again and welcome to Bulletin #2.

As well as further information regarding Comp shirts there is an alternative link to the Local and National rules below. We had comment from a couple of pilots about not being able to access the rules from the first Bulletin links.

The local rules have been changed and V4 will reflect the Dispensing charge for oxygen – don't forget that oxygen is being supplied at no cost by NSW Gliding. We have also removed the requirement to pre purchase tow tickets. Tows, and any other costs you may incur, will added to your account. You will be able to pre pay any expected costs at registration, or during the comp, with any balance payable at the end of the competition.

The updated V4 will be on the web site and soaringspot within the next day or so.

Meals

Everyone should have received an email from Chris Bowman concerning meal arrangements and orders. If you haven't received this, please let us know and we will get the information to you. Chris will be grateful for your early response.

Please note that the Clubhouse kitchen will be available for you at breakfast only. Our Caterer will need the kitchen for the remainder of the day.

Rules

To find the National Rules without the URL go to the Search function on the GFA Documents page

http://doc.glidingaustralia.org/index.php?option=com_finder&view=search&Itemid=119 and type 2.9 (Version number)

And the Local Rules V4 are on the Competition website under the **Information** tab
